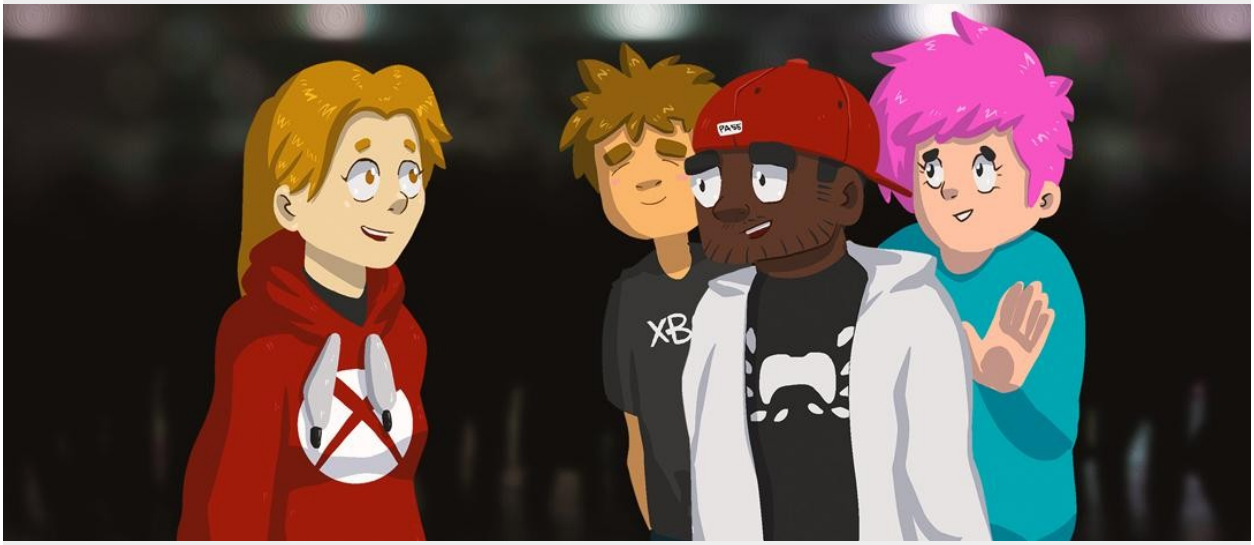
# Last 30 Days of Season 25

Announcements NerdyBirdy Mar 2, 2022

## Xbox Ambassadors are Heroes

Throughout February, Xbox Ambassadors were prompted with some Contribute to the Conversation missions to share what it means to be a hero. Beyond this Season of the Hero, Xbox Ambassadors have shown themselves to be everyday heroes (the best kind!) on Xbox and other online spaces. Now as we head into March, challenge yourselves to complete more missions. It might not seem like it, but every mission has a purpose. Make a new friend and help another gamer feel less alone. Download a new game and become a positive presence in that game's community and/or show love to an indie developer.



We will also be running some special **#XAMarchRadness** missions, so watch for those!

## Women’s History Month

Have you read our Women’s History Month blog yet? We asked Xbox Ambassadors who identify as women to share their stories with us—and with you! This year, we had eleven different gamers to feature from around the world. Follow us on Twitter for each of their spotlights.

## Looking for something new?

With the next season approaching, we made a list highlighting some of the top games that came out during Season 25, to play on your own or with your friends and family. Many of these games are available on Xbox Game Pass, and all of them can be played on your Xbox Console or PC.

1. **Elden Ring**: After years of anticipation, the collaboration between *Game of Thrones’* George R. R. Martin and FromSoftware’s Hidetaka Miyazaki has finally arrived. And if the latest critical reviews are any indication, it looks like it’s lived up to the hype. *Elden Ring* has received near universal acclaim for its difficult yet satisfying gameplay, and incredible craftsmanship and attention to detail.
2. **Sword of Elpisia**: With a complex turn-based battle system and a nostalgic 8-bit art style, *Sword of Elpisia* breathes new life into the classic JRPG genre. A great choice for fans of strategy and story.
3. **Summertime Madness**: This fun and quirky puzzle game lets you take the role of a painter who’s made a literal deal with the devil, and now

needs your help to find his way back into the real world after being trapped inside one of his canvases.

4. **The Dead Tree of Ranchiuna**: This indie adventure game probes the deeper questions of societal injustice while keeping you engaged with a thoughtful storyline and mesmerizing graphics and displays.
5. **Dying Light 2: Stay Human**: Originally slated for an early December release, this action RPG was released this last month to rave reviews. Combining elements of horror, survival games and RPG gameplay, *Dying Light 2* guides you through puzzles, battles and dungeons in a zombie apocalyptic themed world.
6. **Edge of Eternity**: Midgar Studio's latest RPG, *Edge of Eternity* uses hex grids and active-time battle gameplay reminiscent of *Final Fantasy* The open world setting, as well as a unique storyline that seamlessly blends both robots and magic, have received critical acclaim.
7. **Epitasis**: A science-fiction based exploration and puzzle game; *Epitasis* brings you to a new world filled with the remnants of an ancient alien civilization. You'll solve cryptic puzzles, find long-lost relics and piece together the puzzle of what led to the decline of the alien race.

## Share your story

Our incredible individual Xbox Ambassadors are what help drive this program. That extends to the Xbox Ambassador Blog. Our blog discusses topics surrounding gaming and the larger Xbox community. Whether you'd like to share a story about how gaming has personally affected you, or if you have ideas on how to make gaming better, we'd love to read your writing!

We're always accepting content submissions that are relevant to gaming and the Xbox Ambassadors community and are aligned with the program's principles. Learn more about submitting your writing to the Xbox Ambassadors Blog.

Enjoy the rest of Season 25!
